Attached is the powerpoint file for the ETS (children) consensus presentation tomorrow afternoon. Could you please ensure that copies area available for those participating in the video conference tomorrow afternoon. **Please also note that there are relevant comments in the notes pages - therefore it needs to be printed in "notes page" format!**

I am not sure if anyone from CRC will be participating? If so, please let me know and I will ensure they also recieve a copy!

Joy - I assume that Richard is coming into the office for this conference - if not, could you get a copy of this presentation to him beforehand?

Annotated ETS consensus_-Decem..

Many thanks!
